TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Andover in the County of Merrimack in said State, qualified to vote in Town Affairs:

(L. S.)

You are hereby notified to meet at the Town Hall, in said Andover on Tuesday, the 12th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. (Estimate $3,600)

3. To raise and appropriate money for highways and bridges under the following items:

   a. General town road maintenance (Estimate $6,000).

   b. General highway expenses (Estimate $2,000).

   c. Blacktop (Estimate $2,000).

   d. Town Road Aid ($721.30 to match $2,885.21 from State).

   e. Street lighting (Present contracts $743).

4. To raise and appropriate money for the protection of persons and property under the following items:

a. Police department and tramps (Estimate $100).

b. Fire department (Estimate $250).

c. Payments to precincts for fire protection purposes. (Suggest continued $250 appropriation to each.)

5. To raise and appropriate money for care of the cemeteries. (Suggest increase to $200.)

6. To raise and appropriate money for Memorial Day.

7. To raise and appropriate money for the use of the town libraries. (Suggest continued $300 appropriation.)

8. To raise and appropriate money for defraying the expenses of the town health department. (Suggest $1,200 for balance of year.)

9. To raise and appropriate money for taking care of the poor, including old age assistance and soldiers' aid (Estimate $3,000).

10. To see if the town will vote to raise and appropriate the sum of $100 for the Dartmouth-Lake Sunapee Region.

11. To see if the town will vote to raise and appropriate the sum of $100 for the observance of Old Home Day.

12. To see if the town will vote to raise and appropriate the sum of $1,265, to be added to the Capital Reserve Fund.

13. To see if the town will vote to raise and appropriate the sum of $400 for the control of White Pine Blister Rust.

14. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

15. To see if the town wishes to take any action with regard to snow removal from private driveways.

16. To see if the town will authorize the selectmen to lease the Number Nine Storehouse (so-called) from the Andover Village District for the use of the town highway department.

17. To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expenses of such audit (Estimate $100).

18. To see if the town will vote to establish a town planning committee to study and report on the immediate and future public building needs of the town.

19. To see what action the town wishes to take with regard to a Soldiers' Memorial.

20. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 13th day of February in the year of our Lord nineteen hundred and forty-six.

HENRY W. PILLSBURY,
FRANCIS D. LORDEN,
RALPH G. CHAFFEE,
Selectmen of Andover.

A true copy of Warrant—Attest:

HENRY W. PILLSBURY,
FRANCIS D. LORDEN,
RALPH G. CHAFFEE,
Selectmen of Andover.

Note: As this town report goes to press at an early date additional articles may legally be added to the posted warrant up to February 25th, which would not be included above.

Selectmen's Summary and Recommendations

As another annual town meeting approaches, the war in Europe and the Pacific is over and our boys are coming home. We are now emerging slowly into what we had all hoped would be the wonderful post-war world of the future. The time is here for us, as citizens of a local community, to think and vote constructively in planning our place in that new order of things.

The arrival of peace has solved some problems but created many new ones. The local labor situation is less critical, but shortages of materials still exist and costs of doing business still rise. Many things have been left undone or half done during the war years, and we must catch up on some of them.

Just where do we stand financially? The town government has no debt, but an asset balance at the year's end of $3,277. We have a nest egg of $2,530 set aside in Capital Reserve and earmarked for town hall improvements. The school district debt for high school construction is over half paid up. The remaining $10,000 will be with us in diminishing amount for another ten years, with $1,000 being retired annually.

The 1945 tax rate rose from $26 to $33, to meet higher costs all around and in part to cover last winter's heavy snow removal bills. The money so raised at $33 per M. was just about equal to expenditures. There is nothing in sight to indicate any less tax money will suffice for some time, and the budget for 1946 calls for slightly more. However, no great increase in the amount of taxes assessed should be necessary to cover the ordinary run of operations.

It seems logical that the assessed valuations on most types of property must be raised somewhat in 1946. So much real estate has changed hands at prices far in excess of present assessed values that the trend toward higher levels can hardly be disregarded. Your assessors will have a difficult and unenviable job in equalizing valuations on the April inventory, and will need your fullest cooperation.

Town Government. The 1945 appropriation of $2,600 was sufficient to defray town charges, with a small balance over. We recommend an increase of $1,000 for 1946. One half this extra amount will be needed to shingle the town hall. The biennial elections come up again this year, adding to election and registration expenses. Since last December 1st your selectmen have drawn pay for their services at the rate of $5.60 per day, the amount received for general town labor. The rate was formerly $4.00. This increase, if approved by the town, will add about $300 to town charges.

We regret the death of Selectman Vernon L. Fisher, who was elected at the last town meeting. Two selectmen must be elected March 12th, for two-year and three-year terms.

The Town Hall was more generally used during 1945 than for many years previously.

The 1945 Andover Town Report was again awarded first prize in its class in the annual contest, our third such award. We have tried each year to make a clear and understandable report of the year's business to the townspeople, without added expense for window dressing, and are pleased that this policy has met with approval. Any suggestions for improving the reports would be appreciated.

Town Highways. Frequent drifting snows at the beginning of 1945 made heavy drains on highway funds and taxed snow removal equipment to the limit. As road agent payrolls will show, about everyone who could or would shovel snow was employed to help open up drifts. This labor expense was followed up later in the year by heavy bills for repair and overhaul of equipment, all of which accounts for overruns in road accounts. Expenditures for the current winter have been about normal to date.

Due to the lateness of the season, when power equipment finally became available the full road program was not carried out in 1945. The road from Dyer School to Marston Hill was widened out and rebuilt last fall, but too late to apply blacktop before winter. These unused blacktop funds about offset the overdrafts in other road appropriations. The application of tar on other town roads was made by the state highway crew and paid for from T. R. A. funds.

Experience has shown that a large scale operation, with the use of power equipment and many trucks, cuts costs of applying tar and of building and repairing roads far below that of the old small crew, hand labor method. As road building machinery becomes more available this would appear to be the method we must follow on all building and much summer maintenance road work if we are to get the most for our tax dollars and improve the town road system in the shortest possible time.

As directed by the last town meeting a new truck snow plow was purchased and installed on Road Agent Lorden's truck at the west end.

A section of the Number 9 Storehouse (so-called) was leased from the Andover Village District and converted into a garage for the West End tractor and snowplow.

It has been proposed that the town lease the remainder of this building from the precinct for storing road equipment, and the question will be brought up under Article 16 in the warrant. It has been used by the town free of

charge for several years for storing tools, snow fence, tar, chloride, etc. The roof is now in bad shape, requiring $200 to $250 to repair. If the town continues to use the building it would seem no more than fair that it assume the cost of needed repairs and the insurance coverage in return for a lease for a period of years.

Health Department. The town has been without the services of a District Nurse since July 1st. Mrs. Pillsbury has, however, continued to act as school nurse. Since no provision was made in the last school district budget for the required health inspections, we have turned over $300 of the unused town appropriation to the school board for this purpose.

Estimates for a health department appropriation for 1946 in the budget and warrant are based on the assumption that the services of a District Nurse probably cannot be secured before April 1st.

Old Home Day. Article 11 in the warrant, asking for a small appropriation for Old Home Day Observance, has been included at the request of Blackwater and Highland Lake Granges. Many towns make much of their Old Home Day celebrations and appropriate annually for this purpose.

Future Building Program. A rather confused situation exists in our community today. During the war years all major building and repair operations, except those absolutely needed, have been out of the picture. Now we find ourselves needing many things.

In Andover (and in many other communities) suggestions and proposals are coming up for soldiers' memorials, additions to the High School building, improvements in grade school equipment, a new gymnasium, a new library building, development of our bathing beach, and so on. Along the same line are the new heating system for the town hall and fireproof vault for safe keeping of town records, for which we have already salted away $2,530 in a Capital Reserve Fund.

Undoubtedly we need many of these things, and all of them would be desirable. It is equally obvious that we cannot afford them all, at least at one time. Nor does it seem likely that we can in open town and school district meetings intelligently select and discuss and appropriate moneys for projects to be carried out unless some rather definite outlines and estimates of cost have been worked out beforehand. The town meeting in the morning might work along one line; the school meeting in the afternoon along another. Although the same group of people does not often attend both meetings, the territory covered by both is identical and the money raised by both comes from the same taxes on the same farms, the same cattle or the same homes. A carefully worked out plan might show that two or more projects could be combined together to the satisfaction of all and at great saving to the taxpayer.

As a means of starting discussion on the subject your selectmen offer this proposal: That a town planning committee be created, as truly representative of all groups and sections of the town as possible, to study and report on the immediate and future needs of the community with regard to public building (schools, athletic facilities, libraries, memorials, etc.) and to work out an orderly long time plan for filling those needs. They would report to the town what they believe is most needed, how it can best be secured, and with as accurate outlines and estimates of cost as possible.

We suggest that this planning committee serve for one year, and that it be of seven members elected or appointed as follows:

1 member of the school board, selected by them.
1 selectman, named by the board.
1 member elected by the town meeting.
1 member elected by the Andover Village District.
1 member elected by the East Andover Precinct.
1 member named by Blackwater Grange.
1 member named by Highland Lake Grange.

Such a committee, if carefully selected, would represent all elements involved, and could do much to avoid duplication of planning and work out a pattern for orderly development.

Article 18 in the warrant will bring the matter before you for open discussion and action. The above proposal does not go as far as the legal creation of a Town Planning Board as set up by act of the legislature, which is a very definite and long time proposition. If tried and found successful it might be worth further consideration at future meetings of the town.

Capital Reserve. We believe that the town should add another $1,265 to our growing capital reserve fund under Article 12, and that it be one of the duties of the planning group, if created, to study and recommend to the town just how and when this fund should be put to use.

Your selectmen believe in a pay-as-you-go policy, and setting aside a capital reserve each year is one of the best methods of having a part of needed funds on hand when the time comes to begin operations.

Soldiers' Memorial. Article 19 has been placed in the warrant to ascertain the wishes of the townspeople on this subject. An open discussion in town meeting might be of great assistance to any planning committee which may be formed.

In this report we are again printing as a center insert the complete list of Andover men and women who are serving or have served in the armed forces. As the war is over this is probably the last time that the Honor Roll will so appear.

James D. Farrell of Andover was awarded the Boston Post gold-headed cane during the year, being the oldest male inhabitant of the town.

REPORT OF VICTOR E. PHELPS

FOREST FIRE WARDEN

As Forest Fire Warden I can make a very short report for the 1945 season. One small slash fire occurred on the Hopkins woodlot during lumbering operations, doing no damage, and locomotive sparks set one small and quickly extinguished fire along the right-of-way. The wet season kept the fire hazard reduced most of the period when forest fires usually occur.

A few new fire tools were purchased as replacements of those lost or damaged.

I feel that I should again call your attention to the law which provides that permits for outdoor fires must be obtained from the fire warden at all times unless the ground is covered with snow.

Your cooperation in the past has enabled us to keep our fire losses to a minimum, and with your continued support we will try to keep them down during the season ahead.

VICTOR E. PHELPS,

Forest Fire Warden.

DARTMOUTH-LAKE SUNAPEE REGION

During 1945 Andover has tried to play its part in the activities of the newly re-organized Dartmouth-Lake Sunapee Region. Our town has contributed to the organization, with the exception of one year, since it was formed in 1938.

Ten Andover citizens represented the town at the 1945 annual meeting held in Claremont last May. At this meeting a new constitution and by-laws was adopted, giving more equal representation in management to all 38 towns in the Region.

Under the active leadership of President Farwell Brown of Lebanon and Albert S. Carlson, its new Executive Secretary, the Region has made good progress in 1945 toward the goals set up by its officers and directors.

These goals are twofold. First, to build up a clear picture and understanding of the actual and potential resources of the Region in the fields of recreation, agriculture, industry, etc., and the problems to be met in each field. Then to assist in the solution of the problems and in the orderly development of the potential resources. Second, to print and distribute high grade, distinctive publicity material to attract to the Region the kind of people we want and those who can assist in its development. This is in the process of being accomplished.

Representing Andover on the standing committees of the Region are:

Paul J. Fenton,	Agriculture and Forestry
J. Halsey Gulick,	Aviation
Henry W. Pillsbury,	Town Improvements
Lawrence C. Rising,	Industry
Alan K. Thompson,	Real Estate
Edward H. Hamp,	Recreation
Harley Hopkins,	Hotels (not fully organized)
Victor E. Phelps,	Special Events (not organized)

Nearly all of these men, and others, have attended one or more of the meetings of their respective committees.

Ernest L. Sherman, former headmaster at Andover High School, is acting as chairman of the newly formed Region Mt. Sunapee Tramway Committee. It is the aim of this committee to further study this project, and if it is eventually carried out to see that the funds provided by the legislature are so spent as to best serve the recreational needs of the area.

The undersigned has served as Regional Councilor for Andover and as a Director of the Region, and has attended ten director and committee meetings during the year.

RALPH G. CHAFFEE, Regional Councilor.

A 450-page History of Andover sells for only $2.00. Ask the Town Clerk or Selectmen.

REPORT OF ANDOVER TOWN LIBRARIES

It is with much regret that we include in our report of the Andover Public Library the death of Mrs. Mabel Buswell, who has served so faithfully as librarian a number of years. The many patrons of the library will feel deeply the loss of one who has always been ready to help in every way, many times at a great sacrifice because of ill health.

We have been fortunate in securing as our new librarian Mrs. Ethel Thayer, who, we feel sure, will do everything she can to carry on the work.

We at East Andover appreciate the fine spirit of the patrons of that library, and feel that the year 1945 brought much good reading into many homes. Many books only slightly used have been given to the library, which, with the books purchased yearly by the town, have kept our reading lists up to date.

Two used bookcases were donated by Atherton W. Frost; also a picture to be hung in the Bachelder Room.

Schools will be closed on Armistice Day, Thanksgiving Day and the day after, and Memorial Day.

Attendance at the State Teachers' Convention is advised, and at the two Institutes, required. Days spent in attendance at the two Institutes and one day at the State Teachers' Convention will be considered as spent in the service of the District.

The morning session of the elementary schools will be from nine o'clock until twelve o'clock, and the afternoon session from one o'clock until four o'clock. Teachers should arrange their time table so that the formal work of the day is over at three-thirty, and use the remaining time until four o'clock for individual help.

Elementary teachers should arrive at the school building not later than eight-thirty in the morning, and in cold or inclement weather such pupils as wish should be allowed to enter at eight-thirty. A teacher should be on duty in each building during the noon hour.

No pupil is allowed to enter the first grade for the first time unless he will be six years old on the first day of March following the opening of school in September.
